Inspiring Creativity in People and Companies

MUTOH offers "Optimum Proposal" and "Maximum Value"

A various aspects of business of MUTOH is based on our philosophy of supporting "MONOZUKURI". Our 3D printer business is an integration of advanced technologies. The product line up of 3D printers comes in a wide variety including desktop, professional and production models. We also provide printing and scanning services as solutions. In large format inkjet printer business, we offer "Conventional" models for sign & display and CAD drawing, "Multipurpose" models enable to print on textile, plastics and glasses, available worldwide. We support our customer by providing "One-Stop" service; hardware, solutions, supply & maintenance. MUTOH creates new values from the perspective of "MONOZUKURI" support on the global stage.
